

The school district boundaries displayed on this map were created as a result of a boundary review conference held during March and April 2004. The Michigan Department of Education (MDE), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and representative school board of (SBO) in Michigan, participated in the process. Boundaries shown by the districts were voluntary and all the school districts had agreed to the map or they had been proposed.

Information provided is accurate to the best of our knowledge and is subject to change as a regular basis, without notice. While MCGI makes every effort to provide timely and accurate information, we do not warrant the information to be authoritative, complete, correct, or timely. Information is provided as an "as is" and an "as available" basis. The State of Michigan disclaims any liability, loss, injury, or damage resulting from the use and application of any of the contents of this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be known that school districts and SBOs are the official authorities regarding school district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district and SBO for clarification and possible resolution. MCGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
